RECRUITMENT **SERVICES**

We do what traditional staffing firms cannot; leverage decades of consulting experience in operations and technology to shape strategic roles and source exceptional candidates. We will work alongside your hiring managers to ensure your business objectives and hiring needs are met by making your recruitment process as smooth and seamless as possible.

WE OFFER FLEXIBLE HIRING OPTIONS

Our expertise is filling professional technology roles, spanning a variety of industries sourcing candidates with the soft skills for on-site work as well as the discipline for remote. We have flexible staffing options including contract, contract to permanent, and direct hire to meet your staffing needs.

01/ QUALITY CANDIDATES

We operate on quality not quantity. We find the right people for the right job at the right cost. Saving you time and money.

02/ ROLE KNOWLEDGE

Candidates are interviewed by someone who has done the job, prior to ever being recommended to you as a potential fit.

03/ CULTURE FIT

We take the time to get a deep understanding of your needs and environment, to match the best candidate for your culture.

RECRUITMENT **PROCESS**

1. Requirement Collection - Provide us with job description or we can prepare for you based on input provided. Provide us information on company culture and work environment of your office, it will help us find a candidate who has the potential to be a "perfect fit" in your company.

2. Candidate Search - After discussing all the specifics with you, we will hold a debriefing meeting with our entire team of consultants. On top of searching through recruitment database, we also place a number of ads in social media and networking websites to increase the scope of our candidate search. This ensures you that no stone is left unturned and no qualified candidates are omitted.

3. Candidate Screening - Our consultants conduct a thorough screening process for all viable candidates to assess their education, technical skill, experience and fitment to your requirement.

4. Candidate Shortlisting - After screening all potential candidates, we narrow the list down to the best of the best, usually three to six candidates. This saves you from having to interview numerous candidates who may or may not be fully qualified for the position you need to fill.

5. Feedback - After each interview, we take the time to ask candidates to provide honest and comprehensive feedback on the meeting so we can gauge their interest and gather their thoughts on the recruitment process. In many cases, candidates provide valuable feedback that will undoubtedly help you make good hiring decisions.

6. Offer of Employment - Once you've decided on a candidate you want for your team, we can help collecting any documents required for you to release offer of employment to candidate.

TRAINING **SERVICES**

ISO CERTIFICATION **SERVICES**

We undertake any ISO or framework implementation and ensure that organization is certified in a shortest possible time and lowest possible cost. We are associated with many domestic and international accredited certification bodies to bring wider choice of certification to customers. Our implementation and certification approach is as follows:

Phase 1: Project Initiation - Project kickoff meeting, management briefing, scope fine tune and finalization. Approach discussion and finalization. Project team identification and assignment.

Phase 2: Gap Assessment - Review current state by reviewing policies, processes, procedures, templates and other documents. Review evidence of compliance. Check reporting and performance trends.

Phase 3: Implementation - Guide and advice project team for creation of documents including policies, processes, procedures, templates, checklists, metrics, reporting etc. Help implementing everything required.

Phase 4: Review - Conduct post implementation review to identify gaps in implementation. Enforce implementation and conduct additional review where required to ensure 100% compliance.

Phase 5: Certification - Identify registered certification body. Appoint certification body and prepare RCB audit schedule. Certification authority conducts audit or assessment of implementation and provides certificate upon satisfaction of all requirements.
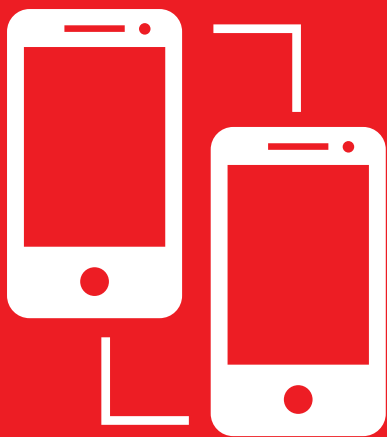

Phase 6: Re-Certification - Provide ongoing advice for continuous implementation and re-certification.

LET US PARTNER WITH YOU!

OUR VISION

TO BE THE GO-TO SEARCH, TRAINING AND MANAGEMENT CONSULTING FIRM FOR CLIENTS IN THE FIELD OF INFORMATION TECHNOLOGY, IT ENABLEED SERVICES, BANKING, INSURANCE, RETAIL AND OTHER SECTORS. WE WILL BE RECOGNIZED AS A VALUABLE PARTNER.

REDESIGN THE **FUTURE**

Building meaningful connections requires trust, and trust is impossible without integrity and respect. At AdWiser, we do the right thing—even when it's not easy or popular. Always professional, we are honest and transparent with our communication and actions while holding ourselves accountable to our teammates.

We don't just embrace diversity; we advocate for it in places where there can be more. Even when we don't agree, we are open to others' thoughts, respecting their beliefs and perspectives. We treat everyone equitably, providing equal opportunities for development and advancement. This quality extends beyond our workplace into the surrounding communities we serve and strive to strengthen.

TAKE THE **RIGHT DECISION**

It's not enough to know how something works, we must also ask "why." We are curious, always imagining the possibilities and wondering what we can do to improve our work and how we work. When faced with challenges, we collaborate to provide creative and efficient solutions. We also embrace purposeful change benefitting our team.

At AdWiser, seeing a teammate succeed makes us feel just as good as if we had done it ourselves. We help others with their endeavors, applaud their efforts, and win together as a team. We humbly ask our teammates for feedback and are open to them approaching us with ideas or concerns. We share what we've learned and provide mentorship to those who want to grow.
